Oak w/Chestnut Inlay

This custom inlaid medallion is just a sample of what you can do with our products.

Skimmed Pine & Hemlock

Heart Pine

Antique Chestnut

Conklin's Flooring Products

Floor shown: Hickory with Tile

Be Creative With Our Flooring!

Here is just a sample of what you can do with our flooring. Flooring is available in chestnut, oak, heart pine, white pine, and hemlock. We mill and tongue & groove our flooring on site to your specifications. You can use planks for a more rustic look. Select tile from your supplier and combine it with our flooring to create a pattern of your own. You can also mix different species to give you a unique design. If you need an idea or suggestion, just ask one of our associates at Conklins. We'll be happy to help you create the look you want. We can also offer information and suggestions on how to care for or finish your wood products.

**Antique Wood Flooring supplied by Conklin's, tile supplied by others. Color and texture will vary depending on how you finish the floor.*
